

SOFTWARE DEVELOPER

Izaak Kuipers

ABOUT ME

I strive to write simplistic software that just gets the job done. I'm a capable team manager and I am very creative in webdesign, both UI and UX.

Web Development (MBO4 BOL)

2COLLEGE JOZEFMAVO

MAVO (2019 – 2023)

SKILLS

Frontend Development

UI/UX design

IT skills

Team management

EXPERIENCE

PROJECT MANAGER / FULLSTACK DEVELOPER

IzK-ArcOS | Remote | 2020 - present

I'm the founder of the IzK-ArcOS Project in which we reach the limits of the modern internet with an advanced Operating System Environment in the browser.

BACKEND DEVELOPER

Linfosys B.V. | Goirle, NL | Christmas vacation 2022

During this period I worked on an API to consolidate various different services within the company.

SERVER-MANAGEMENT STAGIAIR

Linfosys B.V. | Goirle, NL | December 2022

During this period I caught a glimpse of Server Management as well as device deployment and a wide range of laptop and server repairs.
